▶ COURSE INFORMATION

The 4-day Intermediate CSSD Course is aimed at equipping delegates with the knowledge of the standards, complexities, and challenges associated with the CSSD function and the comprehensive working skills required to deliver a high standard of care for patients and the healthcare fraternity.

The topics covered by our esteemed speakers will include the latest developments surrounding the issue of sterilization and infection control. The course will include a series of lectures, small group discussions, hands-on practices as well as a Q&A session complemented by site visit to local hospital.

▶ COURSE OBJECTIVE

This course will provide participant enhanced knowledge and application skills required to handle and manage all types of reusable items/instruments including endoscopes safely. The participant will be taught sterilization processes including quality controls used in cleaning and sterilization processes.

▶ LEARNING OUTCOME

Upon completion of this course, the participant should be able to:

- 1) Check the functionality of every cleaning equipment and perform cleaning efficiency test.
- 2) Sort, identify, clean and decontaminate all types of surgical instruments, including endoscopes.
- 3) Check, assemble and pack all surgical instruments, on-loan instrument sets, MIS and endoscopes.
- 4) Perform sterilization process and monitor quality controls used in sterilization.
- 5) Supervise, manage the sterile storage area, inventory and distribution.
- 6) Demonstrate ability to perform orientation and on-the-job training for new staff.
- 7) Practice teamwork with effective verbal, non-verbal and written communication.
- 8) Perform checks on the safety requirements at the workplace established by the institution.

▶ CERTIFICATION

Only participants who fulfill the minimum attendance requirement of 90% will be eligible to sit for the written examinations. An e-certificate will be issued to each participant upon successful completion of the written examination. CME/CNE points will be accredited to Singapore-registered healthcare personnel accordingly.

▶ WHO SHOULD ATTEND

Doctors, Nurses, Hospital Administrators, Operating Theatre Personnel, Pharmaceutical Personnel, Central Sterile Supply Department Personnel, and Infection Control Personnel.

▶ PRE-REQUISITE

The participants are assumed to have basic knowledge and skills on the activities and practices at the Sterile Processing Department (SPD), attended a Basic CSSD Course previously, AND currently working in operating theatre of SPD facility for at least two (2) years on reprocessing of instruments

▶ COURSE FEES

Registration Fee (incl. of 9% Goods and Services Tax)	Early Bird (till 7 June 2026)	Regular (from 8 June onwards)
ICAS Member*	SGD 1,050	SGD 1,300
Non-ICAS Member	SGD 1,300	SGD 1,600

**To enjoy member rate, members must be with the society for at least 6 months at the time of registration.*

▶ PAYMENT DETAILS

All course fees can be made by PayNow, cheques, or bank transfer, made payable to "Infection Control Association (Singapore)". Cheques are to be mailed to the ICAS Secretariat. All payments are to be made in SINGAPORE DOLLARS, and a receipt will be issued within 10 days of payment.

▶ CANCELLATION POLICY

Request for cancellation/replacement must be made in writing to the ICAS Secretariat, latest by 30th June 2026. The organising committee regrets that requests received after this date will not be entertained. 75% of the course fees will be refunded upon successful cancellation within two months after the course.

▶ DISCLAIMER

Whilst every attempt will be made to ensure that all the aspects of the Course will take place as scheduled, the Organising Committee reserves the right to make appropriate changes should the need arise with or without prior notice.
